

The Santa Clara County Historical and Genealogical Society presents:

BASIC, BASIC DNA

How Three Testing Companies Can Change Your Family Tree

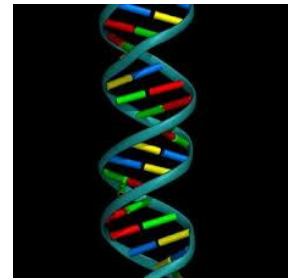

Thursday, November 15, 2018

1:00 – 3:30 pm

Registration Closes: November 13, 2018

Have you thought about testing your DNA but did not know which test to do? Or, are you one who has tested your DNA, but you don't know how to use the tools to break through your brick wall?

Pat Burrow will give a basic introduction to DNA testing. She will cover the four different types - Y-DNA, mtDNA, Autosomal and X DNA. Not sure which company to use to test your DNA? Pat will cover the top three companies to show you what is available from each company and will discuss their strong points and weaknesses.

After learning about the different testing companies, Pam Fujii will walk you through her case study on how she used all three companies. Pam will show you the tools she used to find new family members. We guarantee when you leave the session, you will be thinking of DNA testing in a whole new light!

LOCATION: Margie Edinger Room Located on the 1st floor in the Santa Clara Central Park Library, 2635 Homestead Road, Santa Clara.

REGISTRATION: All classes are FREE, but you must pre-register.
No WALK-INS WILL BE ACCEPTED.
