

INVENTORY of GENEALOGY PERIODICALS

December 1, 2014

INTRODUCTION

This is an inventory of the periodical holdings in the genealogy collection at the Santa Clara City Library.

The collection contains roughly four hundred seventy titles. Many of these are indexed on PERCI - the Periodicals Source Index. (See the Heritage Quest Online section of the Library's Genealogy Databases web page.)

The collection is maintained by the Library Committee of the Santa Clara County Historical and Genealogical Society. This inventory can be viewed on the Society's web site, and on the paper copy available on the Periodicals shelves. These holdings are not listed in the Library catalog.

Periodicals are obtained from a combination of library subscriptions, society subscriptions, exchanges with other societies, continuing donations, and one-time donations. Hence the range of issues is long and continuous for some titles, and short or fragmented for others. We cannot guarantee what future issues we will receive. Many societies have begun publishing their magazines and newsletters online, and have discontinued exchanges with us. Generally speaking, any title that shows 'ongoing' can reasonably be expected to continue on through the year. Also, many newsletters (as opposed to journals) are purged from the collection after one or two years.

The inventory is arranged by categories, just as the periodicals are arranged on our shelves:

Computers

International General

Countries -- in alphabetical order

United States General,

United States Regional,

U. S. States - in alphabetical order.

The inventory indicates where issues may be found: Issues listed in the column 'Genealogy Room' are available in the shelves open to the public. Issues listed in the column 'Storage' have been moved to a storage area, and may be requested at the Periodicals Desk.

Please ignore the mix of Roman and Arabic numerals. Periodical numbering schemes go back and forth between them over a period of years.
