The Santa Clara County Historical & Genealogical Society was organized on 29 May 1957. The society immediately began collecting material for a library. The collection was housed in several locations until 1967 when it moved into its permanent quarters in the Santa Clara Public Library on Homestead Road in Santa Clara, California. The society's collection has grown over the years into an international collection. In 1964 the Society published its first quarterly. The quarterly continued until 1986 when the decision was made to publish biannually and to name the publication Santa Clara County Connections.

This index covers 2003-2015 and will be updated annually to include the latest publications of Connections.

There is a separate index covering 1964-2002. The 1964-2002 index is over 1700 pages long and is available in electronic form via CD. It is also on the desktop of the Genealogy Consultant's PC.
